**RE: DANOHER – CRUSHING CONTRACT 2013 -CURRENT**

---

We hereby would like to confirm that Danoher was engaged by Majwe Mining Services JV since 2013 to do crushing of waste material to be used in our mining operations. The total volume of crushed material to date is 2,730,000tons and consisted of G5 road building material, 19mm & 37mm concrete stone, but used as stemming material in our blasting operations.

Danoher has provided us with an excellent and on time service over all these years, by providing a good quality product in an exceptional safe operation.

We trust you find the above in order.

Yours faithfully

A handwritten signature in black ink, appearing to read 'H Perdyk', written over a faint circular stamp.

H Perdyk
