Recommendation for the services provided

For the past few years we have been partnering with Danoher Bloemspruit Quarry to supply us of aggregate for our Bloemfontein plant. At no time have they failed us, and they have always been on time, making them a reliable partner to us.

Their product has been of quality and consistent. Since been reliable and their on-time delivery, we have used them for all our mix designs. Since we started doing business with them, they have supplied us 50,000 plus tons of aggregate.

The company brought along good expertise in the production of specified needs for our mixes which results in a good product we deliver to our clients.

I would like you to consider Danoher Bloemspruit Quarry for your aggregate needs. I have had a good experience with them over the past few years for the services they have rendered to us. I therefore strongly recommend their services.

Yours Sincerely,
